Appendix B Family & Medical Leave Act

4430.01 - FAMILY & MEDICAL LEAVES OF ABSENCE ("FMLA")

In accordance with Federal law, the School Board shall provide up to twelve (12) weeks of unpaid FMLA leave in any twelve (12) month period to eligible support staff members for the following reasons:

- A-1. the birth of a child and/or the care of a newborn child within one (1) year of the child's birth;
- B-1. the placement of a child with the staff member by way of adoption or foster care and/or to care for the child within one (1) year of the child's arrival;
- C-1. the staff member is needed to care for a spouse, son, daughter, or parent if such individual has a serious health condition; or
- D-1. the staff member's own serious health condition prevents him/her from performing the functions of his/her position;

Employee Entitlement to Service Member FMLA

Leave Entitlement

Service member FMLA provides eligible employees unpaid leave for one, or for a combination, of the following reasons:

A-2. A "qualifying exigency" arising out of a covered family member's (spouse, son, daughter, or parent) covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves. Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation (maximum fifteen (15) calendar days); 7) post-deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

B-2. To care for a covered family member, including next of kin as provided in the statute, who has incurred an injury or illness or aggravation of a pre-existing illness or injury while in the line of duty while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank, or rating. Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of fifty percent (50%) or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers.

Duration of Service Member FMLA

- A. When leave is due to a "qualifying exigency": An eligible employee may take up to twelve (12) work weeks of leave during any twelve (12) month period. Such leave shall be counted with regular FMLA leave time in calculating the twelve (12) weeks of allowable leave.
- B. When leave is to care for an injured or ill service member: An eligible employee may take up to twenty-six (26) work weeks of leave during a single twelve (12) month period to care for the service

member who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. This is a one time benefit per service member. Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed twenty-six (26) weeks in a single twelve (12) month period.

- C. Service Member FMLA runs concurrent with other leave entitlements provided under Federal, State, and local law.

General Provisions

Staff members are "eligible" if they have worked for the Board for at least twelve (12) months, **and** for at least 1,250 hours over the twelve (12) months prior to the leave request. Months and hours that reservists or National Guard members would have worked if they had not been called up for military service count towards the staff member's eligibility for FMLA leave/Service Member Family Leave. Employment service time may be aggregated when the break in employment service is less than seven (7) years, is for fulfillment of military obligations, or if the employee is subject to recall under a written agreement (NOTE: this includes a collective bargaining agreement). All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

Twelve (12) month period is defined as a fixed twelve (12) month period (i.e. the "leave year" is identical for all staff members -- e.g., a fiscal year). Sunman-Dearborn's fixed twelve (12) month period is defined as fiscal year, July - June.

For Service Member Family Leave, the use of the twenty-six (26) weeks will be measured forward from the first date on which the employee takes leave.

Serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves:

- A. inpatient care, including any period of incapacity or any subsequent treatment in connection with such inpatient care; or
- B. continuing treatment by a healthcare provider, including:
 - 1. a period of incapacity of more than three (3) consecutive calendar days and any subsequent treatment or period of incapacity relating to the same condition that also involves either in-person treatment two (2) or more times by a healthcare provider within thirty (30) days of the first date of incapacity, absent extenuating circumstances beyond the employee's control, or in-person treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of a healthcare provider;

The first visit to the healthcare provider must occur within seven (7) days of the first date of incapacity.
 - 2. any incapacity due to pregnancy or for prenatal care;
 - 3. any period of incapacity or treatment for such incapacity due to a chronic serious health condition;
 - 4. a period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective;
 - 5. any period of absence to receive multiple treatments by a healthcare provider either for restorative surgery after an accident or other injury or for a condition that would likely result in a period of incapacity of more than three (3) consecutive days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).
- C. conditions for which cosmetic treatment are administered are not "serious health conditions" unless inpatient hospital care is required or complications develop. Ordinarily, unless complications arise,

the common cold, the flu, ear aches, upset stomachs, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, periodontal disease, etc., are conditions that do not meet this definition and do not qualify for FMLA leave.

Intermittent and Reduced Schedule Leave

The Superintendent may allow a staff member to take FMLA leave intermittently or on a reduced schedule for the birth, adoption, or foster care placement of a child (see A-1 or B-1 on page one). A staff member may take FMLA leave on an intermittent or reduced-leave schedule when medically necessary for his/her own serious health condition or to care for a spouse, parents, or dependent child with a serious health condition (see C-1 and D-1 on page one). Service Member Family Leave may also be taken on an intermittent or reduced-leave schedule when medically necessary.

The taking of such leave results in the total reduction of the twelve (12) or twenty-six (26) weeks only by the amount of leave actually taken.

If the intermittent or reduced-leave schedule is foreseeable based on planned medical treatment or the staff member is taking Service Member Family Leave, the Superintendent may require the staff member to transfer temporarily to an available alternative position which better accommodates recurring periods of leave. The alternative position shall have equivalent pay and benefits but not necessarily equivalent duties.

Staff Member Notice Requirement

Whenever the leave is foreseeable, the staff member shall provide the Superintendent with thirty (30) days notice. If there is insufficient time to provide such notice because of unforeseeable events, the staff member shall provide such notice as soon as possible and practical, generally not later than the next business day after the employee realizes the need for leave. Failure to follow the leave notice requirements may result in delay of obtaining the leave. Employees will still be required to comply with the absence reporting procedures at their buildings.

When planning medical treatment or taking leave pursuant to Service Member Family Leave, the staff member must consult with the Superintendent and make a reasonable effort to schedule the leave so as not to unduly disrupt the regular operation of the Corporation, subject to the approval of the healthcare provider.

Substitution of Paid Leave

The staff member may request to substitute (i.e. run concurrently) any of his/her earned or accrued paid leave (e.g. sick leave, personal leave, vacation leave) (per the applicable collective bargaining agreement) for unpaid FMLA leave (see A-1, B-1, and A-2).

The staff member may request to substitute any of his/her earned or accrued paid vacation, personal leave or sick leave (per the applicable collective bargaining agreement) for unpaid FMLA leave provided for either reason (C-1) or (D-1) on page one and B-2 on page two.

The staff member may request to substitute any of his/her earned or accrued paid vacation, personal leave, family leave or sick leave (per the applicable collective bargaining agreement) for unpaid Service Member Family Leave.

If the staff member has not earned or accrued adequate paid leave to encompass the entire twelve (12) week period of FMLA leave or twenty-six (26) week period of Service Member Family Leave, the additional weeks of leave to obtain the twelve (12) weeks of FMLA leave or twenty-six (26) weeks of Service Member Family Leave, the staff member is entitled to shall be unpaid. Whenever a staff member uses paid leave in substitution for unpaid FMLA leave/Service Member Family Leave, such leave counts toward the twelve (12) week/twenty-six (26) week maximum leave allowance provided by this policy.

Corporation Notice Requirement

The Superintendent will notify the staff member when the Corporation intends to designate leave as FMLA-qualifying. Such notice may be given orally or in writing and should be given within five (5) business days of the request. When verbal notice is given, it will be followed by written notice within five (5) business days. In the case of intermittent or reduced schedule leave, only one (1) such notice is required unless the

circumstances regarding the leave have changed. If the Superintendent does not have sufficient information about the reason for the staff member's use of paid leave, the Superintendent may inquire further to ascertain whether the paid leave is FMLA-qualifying. Once the Superintendent learns that a paid leave is for an FMLA leave-qualifying reason, the Superintendent will notify the staff member within five (5) business days that the paid leave will count toward the staff member's twelve (12) week FMLA- leave entitlement. The notification will indicate whether the employee is required to provide a fitness-for-duty certification to return to work.

Limits

In cases in which the Board employs both spouses, the total amount of FMLA leave is twelve (12) weeks for the couple, except when the leave is due to the serious health condition of either spouse or a child. Additionally, the aggregate number of work weeks of leave to which both the husband and wife may be entitled pursuant to this policy is limited to twenty-six (26) work weeks during the single twelve (12) month period provided for in the Service Member Family Leave provision if the leave is taken pursuant to Service Member Family Leave or a combination of general FMLA leave and Service Member Family Leave.

Certification

When FMLA leave is taken for the staff member's own serious health condition or to care for a spouse, parents, or dependent child with a serious health condition (see C-1 and D-1 on page one), or Service Member Family Leave is taken, the staff member must provide medical certification from the healthcare provider of the eligible staff member, his/her immediate family member, or the next of kin of the individual. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed.

The staff member either:

- A. submit the medical certification to the Superintendent; or
- B. direct the healthcare provider to transfer the medical certification directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with an HIPAA-compliant authorization.

Staff members are not eligible for leave pursuant to this policy if they work elsewhere during leave pursuant to this policy.

In the event the staff member fails to provide medical certification, any leave taken by the employee is not FMLA leave/Service Member Family Leave.

When the need for FMLA leave is foreseeable and at least thirty (30) days' notice has been provided, the staff member must provide the medical certification before the leave begins. When this is not possible, the employee must provide the requested certification to the Superintendent within fifteen (15) calendar days after the staff member requests FMLA leave unless it is not practicable under the circumstances to do so despite the staff member's diligent and good faith efforts.

Any dispute over eligibility for FMLA leave shall be discussed between the employee and Superintendent. The Corporation shall be responsible for maintaining a record of those communications.

The Board reserves the right to obtain, at its expense, the opinion of a second healthcare provider and, in the event of conflict, the opinion of a third healthcare provider whose decision shall be binding and final. The staff member may either:

- A. submit the opinion of the second healthcare provider, and the opinion of the third healthcare provider if applicable, to the Superintendent; or
- B. direct the second or third healthcare provider to transfer his/her opinion directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

In the event that the staff member fails to provide the medical opinion of the second or third healthcare

provider, if applicable, any leave taken by the staff member is not FMLA leave.

A staff member who takes leave for reason (D-1) on page one, prior to returning to work, must provide the Superintendent with a statement from his/her healthcare provider that s/he is able to resume work.

A staff member seeking to take leave pursuant to reason (A-2 or B-2) above must submit, in a timely manner to the Superintendent, an appropriate certification as described by Federal regulations.

Return from Leave

Upon return from any FMLA leave, the Board will restore the staff member to his/her former position or to a position with equivalent employment benefits, pay and conditions of employment. During FMLA leave, the Board shall maintain the staff member's current coverage under the Board's group health insurance program on the same conditions as coverage would have been provided if the staff member had been continuously working during the leave period. If the staff member was paying all or part of the premium payments prior to going on FMLA leave, the staff member must continue to pay his/her share during the leave.

The use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave.

A staff member who fraudulently obtains FMLA leave is not protected by this policy's job restoration or maintenance of health benefits provisions.

The Superintendent shall prepare any guidelines that are appropriate for this policy and ensure that the policy is posted properly.

In any areas where discretion is allowed in the implementation of this policy or its guidelines for implementation, such discretion shall be exercised in a non-discriminatory manner. Similarly situated persons shall be treated similarly.

The Superintendent shall provide a copy of the policy to all staff members, and retain a record of how and when the policy was distributed. A notice of Rights and Obligations shall also be provided each time an employee requests FMLA leave or the Corporation has sufficient information to believe that the employee may qualify for FMLA leave.

The approval, denial and administration of leave under this policy will be governed by the Family Medical Leave Act of 1993, as amended, and its published regulations, as applied and interpreted by the Superintendent.
